October 2007

#### DEPARTMENT OF EDUCATION

2006-2007 School Year Reports

Dear School Board Members and School Personnel:

The Maine Comprehensive Assessment System is the State's measure of student progress in achieving the State standards, known as *Learning Results*, adopted by the Maine Legislature in 1997. The Maine Educational Assessment (MEA) is administered in grades 3 through 8 to meet these state assessment requirements. Since the spring of 2006, the SAT Reasoning Test™ (SAT) has been administered to students in their third year of high school in place of the MEA for state and federal purposes. The move from the MEA to the SAT in grade 11 was made to encourage all students in the goal of attaining college and high-level workplace readiness as well as to measure achievement. This year, the mathematics portion of the SAT Reasoning Test™ was augmented with 18 additional mathematics items (the Math-A test) to more fully measure Maine's *Learning Results*. The combined tests form the Maine High School Assessment (MHSA).

Due to the inclusion of the additional items in mathematics, it was necessary to set new achievement level standards for that discipline this year. The new achievement level standards are the result of a comprehensive process informed by Maine teachers and reviewed by advisory committees. The achievement level standards were not changed for the Critical Reading and Writing sections of the MHSA.

These 2006-2007 Maine High School Assessment Summary Reports contain the results of student performance on the SAT in critical reading, mathematics, and writing reported according to the achievement standards described above and disaggregated by student and school characteristics. This report, together with individual student and subject-specific student roster reports, provides support for use in program evaluation and planning. All scores contained in these reports are included for Maine state and federal reporting purposes only. While scores for many students may also be used for college admission, they may not be used for that purpose if a student received accommodations during the test administration that exceeded those made available by the College Board.

These results reflect scores based on SAT and Math-A test questions that were taken by over 15,000 students who were enrolled in their third year of high school across all Maine public schools. The SAT Reasoning Test™ employs a design that requires students to create a written response to a writing prompt, generate answers to open-ended mathematics questions, and select answers to multiple-choice questions. More information about the design, history, and use of the SAT can be found at: http://www.maine.gov/education/sat\_initiative/.

I look forward to working with you in support of our continued efforts to improve the quality and effectiveness of the instructional opportunities designed to help all students achieve the high standards of the *Learning Results* and graduate from any Maine high school prepared for college, career, and citizenship.

Susan A. Lendron

Sincerely,

Susan A. Gendron

Commissioner of Education

3 Percents are the percentage of students in each content area by mode.

#### CRITICAL READING RESULTS

summary statements, connects ideas within and across texts, or uses knowledge of text structures and literary devices to support comprehension. (scaled score 1100-1128)

Date: May 2007 District: MSAD 64

School: Central High School

**ACHIEVEMENT LEVELS:** Achievement level definitions describe the quality of a student's responses STUDENTS AT EACH ACHIEVEMENT LEVEL on state-level assessments in relation to the reading standards for achieving Maine's Learning Results. Maine state-level assessments measure the knowledge and skills of students by sampling identified School District State standards within reading at the grade level assessed. Evidence includes responses to multiple-choice items in an "on demand" setting. % Ν Ν Ν % Exceeds the Standards – The student's work demonstrates the ability to read and interpret literary and informational texts appropriate for the grade level by applying a variety of 7 2005-2006 0 0 0 0 1079 reasoning skills and prior knowledge as the student draws in-depth inferences, analyzes 5 2006-2007 5 6 6 8 1168 texts for subtle clues, synthesizes information across texts, and uses knowledge of text 3 7 Cum. Avg. 1124 structures and literary devices to make deeper connections within or across texts to increase comprehension. (scaled score 1161-1180) Meets the Standards – The student's work demonstrates the ability to read and interpret literary and informational texts appropriate for the grade level by applying a variety of 2005-2006 35 31 35 31 5697 38 reasoning skills and prior knowledge as the student draws inferences, identifies summary 2006-2007 26 26 27 26 5714 38 29 31 statements, connects ideas within and across texts, and uses knowledge of text structures Cum. Avg. 31 29 5706 38 and literary devices to increase comprehension. (scaled score 1141-1160) Partially Meets the Standards – The student's work demonstrates an inconsistent ability to read and interpret literary and informational texts appropriate for the grade level. The 2005-2006 30 27 30 27 4772 32 student's ability to use a variety of reasoning skills and prior knowledge varies depending 2006-2007 38 37 37 37 4728 31 on the texts as s/he draws inferences, identifies summary statements, connects ideas within Cum. Avg. 34 32 34 4750 31 and across texts, and uses knowledge of text structures and literary devices to support comprehension. (scaled score 1129-1140) Does Not Meet the Standards – The student's work demonstrates a limited ability to read and interpret literary and informational texts appropriate for the grade level. The student's 2005-2006 42 47 3595 24 47 42 responses are often incorrect leaving the impression that the student found it difficult to 2006-2007 31 31 31 30 3444 23 use a variety of reasoning skills and prior knowledge as s/he draws inferences, identifies 39 36 39 36 3520 Cum. Avg. 23

### Maine High School Assessment

### MATHEMATICS RESULTS

Date: May 2007 District: MSAD 64

School: Central High School

**ACHIEVEMENT LEVELS:** Achievement level definitions describe the quality of a student's responses STUDENTS AT EACH ACHIEVEMENT LEVEL\* on state-level assessments in relation to the mathematics standards for achieving Maine's Learning Results. Maine state-level assessments measure the knowledge and skills of students by sampling identified School District State standards within mathematics at the grade level assessed. Evidence includes responses to a combination of multiple-choice items and items requiring student-created responses in an "on demand" setting. Ν % Ν Ν % Exceeds the Standards – The student's work demonstrates in-depth understanding of essential concepts in mathematics, including the ability to make multiple connections among central ideas. The student's responses demonstrate the ability to synthesize 2006-2007 2 2 3 578 information, analyze and solve difficult or unfamiliar problems, and apply complex concepts. (scaled score 1161-1180) Meets the Standards – The student's work demonstrates an understanding of essential concepts in mathematics, including the ability to make connections among central ideas. 2006-2007 5481 36 29 30 The student's responses demonstrate the ability to reason, analyze and solve problems, and apply concepts. (scaled score 1141-1160) Partially Meets the Standards – The student's work demonstrates incomplete understanding of essential concepts in mathematics and inconsistent connections among 2006-2007 32 32 33 32 4754 31 central ideas. The student's responses demonstrate some ability to analyze and solve problems and apply concepts. (scaled score 1133-1140) **Does Not Meet the Standards** – The student's work demonstrates limited understanding of essential concepts in mathematics and infrequent or inaccurate connections among 2006-2007 36 36 37 36 4607 30 central ideas. The student's responses demonstrate minimal ability to solve problems and apply concepts. (scaled score 1100-1132)

### WRITING RESULTS

Date: May 2007 District: MSAD 64

School: Central High School

**ACHIEVEMENT LEVELS:** Achievement level definitions describe the quality of a student's responses on state-level assessments in relation to the writing standards for achieving Maine's *Learning Results*. Maine state-level assessments measure the knowledge and skills of students by sampling identified standards within writing at the grade level assessed. Evidence includes responses to a combination of

multiple-choice items and items requiring student-created responses in an "on demand" setting.

**Exceeds the Standards** – The student's responses demonstrate skillful ability to select clear, precise sentence improvements that are free of awkwardness or ambiguity; to recognize grammar and usage errors; and to select revisions that add to the clarity, precision and overall effectiveness of a passage. The student's

essay demonstrates an effectively developed and insightful point of view on the issue and outstanding

essay is well-organized and clearly focused, demonstrating clear coherence and smooth progression of

that add to the clarity and overall effectiveness of a passage. The student's essay demonstrates an

ideas and free of most errors in grammar, usage, and mechanics. (scaled score 1161-1180)

and mechanics. (scaled score 1141-1160)

critical thinking, with clearly appropriate examples, reasons, and other evidence to support a position. The

**Meets the Standards** – The student's responses demonstrate ability to select clear sentence improvements that are free of awkwardness or ambiguity; to recognize grammar and usage errors; and to select revisions

effectively developed point of view on the issue and strong critical thinking, with generally appropriate

examples, reasons, and other evidence to support a position. The essay is well-organized and focused,

demonstrating coherence and progression of ideas and generally free of most errors in grammar, usage,

Partially Meets the Standards – The student's responses demonstrate inconsistent ability to select clear sentence improvements that are free of awkwardness or ambiguity; to recognize grammar and usage

errors; and to select revisions that add to the clarity and overall effectiveness of a passage. The student's essay demonstrates a developed point of view on the issue and some critical thinking, but may do so

inconsistently or with inadequate examples, reasons, or other evidence to support a position. The essay is

generally organized and focused, but may demonstrate some lapses in coherence or progression of ideas

**Does Not Meet the Standards** – The student's responses demonstrate limited ability to select clear sentence improvements that are free of awkwardness or ambiguity; to recognize grammar and usage

errors; and to select revisions that add to the clarity and overall effectiveness of a passage. The student's essay demonstrates a vague or seriously limited point of view on the issues and weak critical thinking,

with inappropriate or insufficient examples, reasons, or other evidence to support a position. The essay

is poorly organized and/or focused and may contain an accumulation of errors in grammar, usage, and mechanics that interfere with understanding the message of the essay. (scaled score 1100-1128)

and may contain errors in grammar, usage, and mechanics. (scaled score 1129-1140)
